VISA ACCOUNT UPDATER (VAU)

Beginning October 2017, Visa's VAU service will update the consumer's Visa debit card information with participating merchants to process recurring cardholder payments. The VAU service is designed to prevent debit card transactions from declines due to outdated information at the merchant level, which may lead to cardholder frustration and dissatisfaction. VAU will help prevent automatic payments from being declined due to a change in the card expiration date, a lost or stolen card, or a new debit card number. If you want VAU, no action is required; enrollment is automatic by Visa. **For example**, let's say you've enrolled in recurring monthly payments to pay your electric bill with your debit card. As you know, we periodically replace your card, and your new card has a fresh expiration date. Instead of contacting the electric company to update your card information, your card information will automatically be updated, **if your electric company is a participating merchant.**

Opting Out: If you'd prefer not to have your card information updated automatically, you can opt out. If you'd like to opt out, please contact us at 877.672.4543.
